Maps for restricted development zone due to mining subsidence within LUDCP Asansol.

1. No residential or commercial use should be permitted within 300m of any unstable location, as listed in the present Landuse Map and Register or identified thereafter.
2. No institutional or industrial use should be permitted within 500m of any unstable location, as listed in the present Landuse Map and Register or identified thereafter.
3. The LUDCP/LUMR map and register for unstable locations will be considered together to determine the safe distance for development permission.
