Scope of Work

The Authority will arrange for ISP providing Internet Connectivity. However, the work of the selected Vendor will be to establish the Local Area Network in different segments and adjoining the segments into one network. The following is the primary scope of work.

- i) Cat 6 Cabling using the switches and Wall Mounted Rack along with Patch Panel. The Authority is on the verge of shifting its office to the new building. So all previously installed cables and switches are to be properly dismantled.
- ii) Cover Casing of the wiring in the inside wall and PVC Piping in the corridors and outside where required
- iii) Installation of I/O Box with reputed make and patch cords (moulded) of 3m for all nodes.
- iv) Setting up of individual IP address of the computers on network and security incorporated access point for users availing wi-fi services
- v) Approximate: 150 NODES
- vi) Installation and Maintenance of the LAN for a period of one year.
- vii) Maintenance includes regular inspection of the wired cables. Cleaning of the Racks and fixing of loose end points along with other preventive maintenance.
- viii) Payment will be made on successful completion of the work and after actual measurement of the installed items.
- ix) Warranty Terms: All deliverable items will be covered by onsite warranty for a period of 1 year from the date of installation / commissioning.
- x) Terms and conditions of the bidder sent along with the tender, if any, put
